

**LINCOLN
INTERNATIONAL
ACADEMY**

A CATHOLIC COLLEGE PREPARATORY SCHOOL

**Congratulations LIA
for the successful
Continuous Improvement
Journey and
being Accredited until 2024!**

On March 10, 2020, Lincoln International Academy announced that it earned accreditation by Cognia™, a nonprofit organization that provides quality assurance for schools, school districts, and education service providers.

Cognia, formerly AdvancED, nationally recognizes schools that meet rigorous standards focused on productive learning environments, equitable resource allocation that meets the needs of learners, and effective leadership. Earning accreditation from the Cognia Global Accreditation Commission means that the school is accredited, and that **Lincoln International Academy** is recognized across the nation as a school that meets Cognia Standards of Quality, and maintains a commitment to continuous improvement.

School accreditation as conferred by the Cognia Global Accreditation Commission provides **Lincoln International Academy** as a nationally recognized mark of quality for our school. It demonstrates to our community our commitment to excellence, our openness to external review and feedback, and our desire to be the best we can be on behalf of the students we serve.

Dr. Mark A. Elgart, president and CEO of Cognia, stated, "Cognia Accreditation is a rigorous process that focuses the entire school and its community on the primary goal of preparing lifelong learners in engaging environments where all students can flourish. **Lincoln International Academy** is to be commended for demonstrating that it has met high standards, is making progress on key indicators that impact student learning."

Cognia is the parent organization of the North Central Association Commission on Accreditation and School Improvement (NCA CASI), Northwest Accreditation Commission (NWAC) and the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS CASI). Parents and interested community members can learn more about the Cognia Accreditation at cognia.org.

Thank you to our LIA community and especially our General Director, Mr. Adolfo Gonzalez and our Accreditation Coordinator Mrs. Veronica Cardenal for this third Accreditation for LIA.

ANALYTICS

We are proud to announce that LIA obtained STEM.org Accreditation during the month of May 2021. This is another step into our process of providing STREAM education at the school. The COVID-19 pandemic forced us to put different initiatives on hold, but working towards the achievement of this goal was never stalled. We now have many of our faculty with individual STEM.org certifications.

Congratulations to our LIA Community,

The work our faculty does every day to prepare students to solve problems, make sense of information, and know how to gather and evaluate evidence to make decisions provides them with the skills they need to develop in STREAM education, and the ones required to maintain this accreditation.

STEM.org is the longest continually-operating, privately-held STEM education research and credentialing organization in America. Since 2001, its leadership has assisted with key initiatives that have been critical to the overall growth and proliferation of the movement in STEM education.
